Who We Are

Mobile Mini and the company's roots run deep in the UK's portable storage and accommodation industry, with some of our predecessor companies having been founded in the early 1970's.

Today, we have a national network of 15 sites with over 40,000 portable units which provide site accommodation and secure storage solutions to approximately 17,300 customers including construction companies, retailers, manufacturers, hospitals, schools, utility companies, distributors, local and national government, hotels, restaurants, entertainment and shopping complexes and individual households to name but a few.

In December 2016 Mobile Mini acquired container company Mr Box, based near Ipswich and servicing customers nationwide. Operating as a separate division within Mobile Mini, Mr Box offers containers for sale and hire, as well as providing a container conversion business. Mr Box is also a niche supplier to the fast-growing self-storage industry.

In March 2020, Mobile Mini Inc merged with WillScot, a leader in mobile offices and modular buildings with over 2,200 employees across 120 locations in the US, Canada and Mexico.

Storage Containers for Hire

Our container hire service provides an inexpensive solution to your storage problems. With the largest fleet of containers in the UK, as well as our own fleet of delivery vehicles, we can provide you with the perfect storage solution.

ABOUT

Our containers can be used on a wide range of construction projects, as well as providing a solution for a number of storage requirements – from school sports equipment to hotel cleaning accessories.

MAIN FEATURES

- ✓ Full steel, anti-vandal construction
- ✓ Weatherproof
- ✓ Easy-opening cargo door
- ✓ Hardwood flooring
- ✓ A unique Tri-Cam locking system and ContainerGuard is fitted to most of our containers

Call us on 0800 731 9878

Container Security

With the largest fleet of containers in the UK, as well as our own fleet of delivery vehicles, we can provide you with the perfect storage solution, delivered to your chosen location quickly and easily.

Groundhog Unit Hire

Our top of the range, towable Groundhog mobile welfare units are environmentally efficient and easy to use. These units are completely self-contained and purpose-built for sites without water or electricity connections.

REQUEST A QUOTE

MAIN FEATURES

- ✓ Full steel, anti-vandal construction, ensuring safety and security
- ✓ Provides pleasant working environment, including toilet area, warm room/generator area and canteen area with seating, sink, microwave, kettle and heating system
- ✓ Easily towed, one man operation to secure and manoeuvre on site
- ✓ Can be deployed in 3 minutes
- ✓ High security doors and window
- ✓ Lighting and electrics provided
- ✓ Fully insulated with heavy duty vinyl floor covering

ENERGY SAVING FEATURES

- Double-glazed windows
- P.I.R controlled ECO A+ LED lighting
- 12 volt technology delivering reduced fuel usage, 60% reduction in generator servicing and longer generator life
- Generator need only run for three hours for a full day's work. One tank with 58 litres of diesel will last at least three weeks!
- Low noise pollution
- The most ECO friendly mobile welfare unit in the UK

Static Welfare Unit Hire

MAIN FEATURES

- ✓ Full steel, anti-vandal construction, ensuring safety and security
- ✓ 20ft x 9ft unit includes canteen facilities, toilet, drying room and integral water and waste tanks
- ✓ 26ft x 10ft unit comes with all of the above,
- ✓ with the addition of an office
- ✓ Supplied with noise-reduced diesel generator
- ✓ Fitted with heating and water heaters
- ✓ Lighting and electrics provided
- ✓ Fully insulated with heavy duty vinyl floor covering

Our versatile static welfare units are purpose-built for remote locations, or sites without electricity or water connections. These secure units are completely self-contained and designed to fulfil the welfare needs of staff for the duration of a project.

ENERGY SAVING FEATURES

- Fitted with non-concussive aerator taps and dual flush cistern, to save on water
- Double-glazed windows
- P.I.R controlled ECO A+ LED lighting
- Heavyweight doors with door closers and an advanced 11-point locking system
- Timer controlled heating with ECO settings
- Additional insulation

KEEP IT SIMPLE WITH

Mobile Mini Plus is an extension of our Mobile Mini Offering to ensure that our customers receive the same great customer experience through cross hire. We cherry pick the very best suppliers who align with our focus for customer care and pricing.

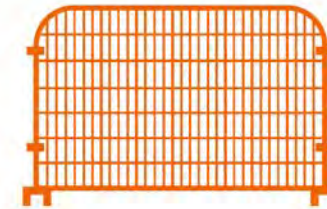

Mobile Mini Plus allows customers to transact through Mobile Mini with other suppliers so that they retain their contact with 1 representative, 1 credit controller and 1 invoicing structure to help you minimise your companies admin time so have the most streamlined service from point of enquiry to off hire.

We are committed to ensuring that our customers get the very best equipment/ experience through Mobile Mini Plus no matter where in Britain you are working.

We help primarily (but not limited to) aiding sites with: Power, Portaloos, Showers, Water Bowsers, Towerlights, Effluent Empties, Water Fills. So that your site can keep running.

- 1 CALL
- 1 COMPANY
- 1 INVOICE
- 1 GREAT OFFERING

Fencing

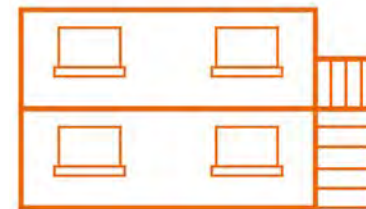

- Lightweight galvanised mesh panel site fencing.
- 2 metres in height.
- Anti-climb
- Easy to install and highly effective.
- Come with lockable gated entrances where required.

Generators

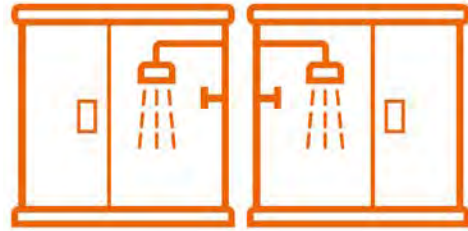

- Can be supplied with fuel tank.
- Supplied either hard-wired or with 63a lead.
- Super silent
- Can be housed in a container for an additional charge.
- Unlimited run hours included within your hire rate required.

Modular Buildings

- Dedicated project management throughout the duration of the project – from cradle to grave.
- Self-contained units for sites with no access to mains, water or gas.
- Delivery of initial storage and welfare units within 72 hours.
- Phased design and delivery on large-scale modular structures.
- Ability to expand sites to suit requirements by adding new modular buildings.
- Dedicated site support and project planning expertise from Mobile Mini.
- Ideal for disaster recovery – get on-site fast and start work quickly as we phase in more robust modular buildings.

Onsite Showers

- Our portable showering units are a great solution for your onsite welfare needs. We can provide you with high quality, modern and easy to clean showering facilities.
- We offer ultimate flexibility, whether you want a combined toilet/ showering unit or the privacy of single showers.
- Both solutions offer a single private washing space with hot electric showers.
- Our showering units are quick and easy to set up but do require electricity and mains water supply.
- These shower units are the ideal solution for your showering needs, offering efficiency, practicality and quality.

Onsite Toilets

- Translucent roofs to allow ample daylight.
- Venting stacks to minimise unpleasant odours.
- Complete with hand wash sink in either cold water or hot wash option.
- Arrive with complimentary soap, hand towels and toilet paper.

Tower Lights

- Extensive range of tower lights available.
- The brightest in luminosity.
- The ultimate solution for efficiency.
- Combine the best of Innovation and Technology.
- A durable and attractive solution to your lighting needs.
- Great reliability as well as perfect sustainability.

Water Bowers

- Supplying water on-site to run your site toilets, washrooms and showers without the need for mains water needn't be a challenge.
- At Mobile Mini, you can hire high-capacity water bowzers which offer the perfect solution for supplying all the water your site needs.
- With either a 1000 or 2000 litre capacity of non-drinking water, our bowzers offer an all-in-one solution with a water tank and pump combined.
- Along with an effluent tank, this allows you to have standard toilet and handwashing facilities on your site.
- This product is suitable to use with our 2+1 and 3+1 toilets and can be connected easily to your unit within minutes.
- We can also offer a water service schedule to match your usage.

Internet Connectivity

- Plug & Play and professionally installed options.
- Fastest available 4G & 5G speeds on the market.
- Fixed price and unlimited data.
- Rapid deployment with next day delivery available.
- UK-wide installation and coverage.
- Ultra-resilient, industrial-grade equipment.

Storage Conversions

Our expert storage container conversion team at Mr Box can offer their advice on how you can turn your shipping container conversion idea into reality, by enhancing and modifying units to suit your requirements. We can convert containers for almost any use by joining them together and modifying to suit, including fitting doors, windows, insulation, electricity, air-conditioning and many other enhancements.

CONTACT US:

0808 2780031

sales@mrbox.co.uk

mrbox.co.uk

Mon-Fri: 09:00 – 17:00

Sat & Sun: Closed

Past container conversions include workshops, turnstiles, clubhouses, classrooms, sleeping quarters, cafes, bars, games rooms, bike stores, medical and gas storage, chemical and fuel stores, exhibition stands and retail units to name but a few.

Past container conversion projects by Mr Box

Our conversions include: youth clubs, community halls, classrooms, offices, sleeping quarters, canteens, art galleries, bars, games rooms, bike stores, workshops, changing rooms, toilet and shower blocks, a judge's box for an equestrian centre, medical and gas storage units, chemical and fuel stores, secure tack rooms, stables, market stalls, mobile body storage units, exhibition stands, and retail units.

The list is continually growing and is only limited by your imagination. Our experienced conversions team can work with you to grow your idea into a design by developing specifications that best suit your requirements and offering CAD layouts of your container, to map out all the features you'll need. Shipping container conversion is environmentally friendly because the containers have fulfilled their primary role of carrying cargo and are then adapted for a secondary use. By converting them we are recycling them!

If you have an idea for a special container conversion, contact us and we'll help you to develop your design from an idea into a reality.

Industry Leading
Safety Record

HEALTH & SAFETY

Safety is our highest priority. We take responsibility for our own safety and for the safety of those around us. At the end of the day, we want everyone to return home to their families in the same condition they came to work.

INNOVATION

When it comes to Health & Safety, Mobile Mini are industry leaders. We aim to constantly develop and introduce new ways of working more safely; many of the methods used in the industry today were initially developed by Mobile Mini.

Mobile Mini UK's SHEQ team has been crowned 'Safety Team of the Year Highly Commended Winner 2021' by the British Safety Council at the International Safety Awards. Out of 292 organisations of all sizes and sectors, including businesses from the UK, Africa, Asia, India, mainland Europe and the Middle East, only Mobile Mini UK succeeded in being crowned overall Team of the Year highly commended winner. This steadfast engagement and teamwork were some of the biggest factors in the business safely navigating through the worst of the pandemic and undoubtedly contributed to the judging panel's decision when deeming Mobile Mini as worthy Team of the Year winners. This just goes to show that safety really is our number one priority here at Mobile Mini UK.
